NEW SCHOOL CONSTRUCTION AND RENOVATION

Before beginning construction of a new school building, or an addition, repair, or renovation of an existing school building, except emergency repairs, the Board of Education, shall obtain competitive bids on all the material and labor required for the complete construction of a proposed new building or addition to or repair or renovation of an existing school building which exceeds the State statutory limit.

This policy does not apply to buildings, renovations, or repairs costing less than the statutory limit or to repair work normally performed by District employees. The Superintendent will develop an Administrative Regulation detailing the process for bidding.
