SCHOOL CALENDAR

A. The Superintendent shall determine annually the total number of days when the District's programs will be in session for instructional purposes. For purposes of receiving State school aid, the number of days and number of hours will be in accordance with state law.

B. If a constituent district's school year is scheduled to begin before Labor Day the ISD may provide programs or services according to the constituent district's calendar in accordance with State law.

C. The first six (6) days or the equivalent number of hours of student instruction lost due to conditions not within the control of the District (e.g., severe storms, fires, epidemics, utility power unavailability, water or sewer failure, or health conditions as defined by the city, county, or State health authorities), can be counted as a part of the required minimum hours/days of instruction. All subsequent hours lost for instruction cannot be counted for State school aid, unless they occur after April 1, are due to unusual and extenuating occurrences resulting from conditions not within the control of the school authorities (such as those conditions described above), and are approved by the State Superintendent of Instruction. Hours lost due to strikes by District staff or to teacher conferences shall not be counted as hours of instruction.

D. The Superintendent in conjunction with the Superintendents and Leaders of the School Districts in the Ingham service area shall set the common calendar, ensure it is conveniently posted, and review it from time to time to ensure it is meeting the educational needs of the students of our service area.
