BOARD – SUPERINTENDENT WORKING RELATIONSHIP

A. The Board of Education believes that, in general, it is the primary duty of the Board to establish policies and that of the Superintendent to administer such policies. Policy should not be originated or changed without the recommendation of the Superintendent. The Superintendent should be given the latitude to determine the best method of implementing the policies of the Board.

B. The Superintendent, as the chief administrative officer of the School District, is the primary professional advisor to the Board. S/He is responsible for the development, supervision, and operation of the school program and facilities. His/her methods should be made known to the staff through the administrative guidelines of the District. The Board shall retain oversight supervision of such administrative guidelines.

C. The Superintendent and those administrators directed by the Superintendent shall attend all Board meetings, when feasible. Administrative participation shall be by professional counsel, guidance, and recommendation - as distinct from deliberation, debate, and voting of Board members.

D. In order to expedite negotiation procedures, the Superintendent is appointed as chief representative of the Board for the purpose of determining negotiation strategies and members of negotiation teams for collective bargaining with recognized unions and employee units.

E. The Board is responsible for determining the success of the Superintendent in meeting the goals established by the Board through annual evaluations of the Superintendent's performance. The Board, in formulating its position with regard to the performance of the Superintendent, shall rely, whenever possible, on the objective outcomes of its evaluations rather than on subjective opinions.

F. The superintendent or assistant superintendent is also authorized to sign on behalf of the Board.
