CREATION OF EDUCATIONAL MATERIALS

The Board supports and encourages efforts of staff to create unique and high quality programs, services, books and materials to support the mission of Ingham ISD. When staff creates such services or materials there may be a charge for such services or materials if:

1. It is part of a professional development offering.

2. It was created at the request of one or more districts, but not necessarily for the benefit of all districts or additional items are requested beyond what all others were provided with.

3. It is provided to school districts, agencies or others who are outside of the county with no direct impact to the students we serve.

POLICY
