USE OF DISTRICT FUNDS FOR INSTRUCTIONAL PURPOSES

The Board of Education recognizes that public funds shall only be used for instructional purposes that are in accordance with the lawful authority of an intermediate school district.

Public funds under control of the district may not be used to purchase alcoholic beverages, jewelry, gifts, fees for golf or any item the purchase or possession of which is illegal.

MCL 634 (2) defines, for this purpose, “public funds” to mean funds generated from taxes levied under this act, state appropriations of state or federal funds, or payments made to the intermediate school district for services by a constituent district or any other person, but does not include voluntary contributions made for a specific purpose by an intermediate school Board member, an intermediate school district employee, another individual, or a private entity.

District public funds may be used for recognition of an employee, volunteer or pupil, pursuant to Board policy 6194.00.
