SECURITY AND VIDEO SURVEILLANCE

Through this policy, the Board of Education provides notice to all students, the public and its employees of the potential use of video surveillance and electronic monitoring in order to protect district property, promote security and protect the health, welfare, and safety of students, staff and visitors.

Every effort shall be made to apprehend those who knowingly cause serious physical harm to students, staff, visitors and district property and to require prosecution of those who bring harm to persons and property. The Board will seek repairs to rectify the damage or payment of a fee to cover repairs. A reward may be offered for apprehending such persons.

The superintendent shall develop and supervise a program for the security of the districts’ students, staff, visitors, school buildings, district grounds, and district equipment in compliance with statute and rules of the State. The superintendent may authorize the use of video/electronic surveillance systems in monitoring activity on school property.
